

# Sweet, smooth and soft Experience the Orgasol® Caresse

Introducing  
Orgasol®  
Caresse,  
specifically  
designed  
for skin care.

It is the ideal partner to formulate anti-ageing products, which smooth out the wrinkles, along with combining the instant efficiency expected and the pleasure of unctuous creams.

Orgasol® Caresse significantly improves the comfort of high protection sun care products, eliminating tackiness and whitening, caused by sun filters.
