

## HEADQUARTERS AND R&D CENTER IN **KING OF PRUSSIA** Pennsylvania- USA

**King of Prussia, Pennsylvania, is home to Arkema's U.S. headquarters and main corporate research and development location.**

Innovation is the hallmark of Arkema Inc. researchers and scientists. We develop state-of-the-art specialty chemicals and polymers that provide customers with practical solutions to the challenges and opportunities they face. As a company, Arkema is committed to developing solutions today for tomorrow's societal needs. We have established five priorities for our R&D focus:

- Lightweight materials and design
- Electronic solutions
- New energies
- Living comfort & home efficiency
- Natural resources management

### **COMMITMENT TO SAFETY AND ENVIRONMENT**

Safety is extremely important to Arkema.

- All employees are required to devote an hour+ per month toward safety awareness training.
- All new employees participate in (5 module) SafeStart® training, and existing employees are assigned a refresher course annually.
- 30+ member emergency response team on site.

### **COMMUNITY INVOLVEMENT**

- Science Teacher Program
- Cristo Rey High School Work / Study Program
- Co-sponsor Philly Materials Day at Drexel University; regional "You be the Chemist" Challenge; Materials Science & Engineering Graduate Student Symposium
- United Way®
- Employee donations to local soup kitchen
- Valley Forge Freedom from Hunger Food Drive
- Donations to the King of Prussia Fire Company, Chemical Heritage Foundation Innovation Day, Franklin Institute, American Red Cross, Economy League of Greater Philadelphia
- Volunteer for Habitat for Humanity®

634 employees on site,  
67 sales personnel  
reporting here

\$80 million in local  
impact (includes  
payroll/utility/property taxes)

\$1+ million Investment  
in health, environment  
and safety

4 years without a lost  
time injury

### **Certifications**

-ISO 9001:2015 – Customer Service

Building on its unique set of expertise in materials science, Arkema offers a portfolio of first-class technologies to address ever-growing demand for new and sustainable materials. With the ambition to become in 2024 a pure player in Specialty Materials, the Group is structured into 3 complementary, resilient and highly innovative segments dedicated to Specialty Materials - Adhesive Solutions, Advanced Materials, and Coating Solutions - accounting for some 91% of Group sales in 2022, and a well-positioned and competitive Intermediates segment. Arkema offers cutting-edge technological solutions to meet the challenges of, among other things, new energies, access to water, recycling, urbanization and mobility, and fosters a permanent dialogue with all its stakeholders. The Group reported sales of around €11.5 billion (\$12.1 billion USD) in 2022, and operates in some 55 countries with 21,100 employees worldwide.
