

## PRODUCTION PLANT IN TORRANCE

California - USA

**The Torrance, Calif. plant produces a range of latex emulsion products that are supplied to manufacturers of coatings, adhesives and construction products.**

### COMMITMENT TO SAFETY AND ENVIRONMENT

- Process safety, capacity and engineering
- Mechanical integrity projects and programs designed to improve the infrastructure
- Personnel training and development
- Tanker loading improvements
- Any liquid (including rain water) that is generated at our facility is collected, tested and sent to the LA Sanitation County Industrial Wastewater facility for treatment
- Tank vents from all reactor trains and monomer storage tanks are sent to a permitted incinerator/vent treatment system to minimize/eliminate vapor emissions. Mechanical piping joints are periodically fugitive emissions tested for integrity and AQMD compliance rules
- To reduce waste generation, off-grade latex is sold to other companies for use in industrial applications

### COMMUNITY INVOLVEMENT

- **Certified Unified Program Agencies (CUPA)**
- **City of Torrance Emergency Response System**
- **Torrance Chamber of Commerce** – member
- Supported fundraising efforts for The Children's Clinic of Long Beach
- Supported local Toys for Tots Program
- Emergency Response Drill with participation from local authorities and emergency responders

40 employees

\$6.2 million in local impact (includes payroll/utility/property taxes)

\$600,000 Investment in health, environment and safety

More than 15 years without a lost-time injury

#### Certifications

- ISO 9001 Certification
- ISO 45001 Certification

Building on its unique set of expertise in materials science, Arkema offers a portfolio of first-class technologies to address ever-growing demand for new and sustainable materials. With the ambition to become in 2024 a pure player in Specialty Materials, the Group is structured into 3 complementary, resilient and highly innovative segments dedicated to Specialty Materials - Adhesive Solutions, Advanced Materials, and Coating Solutions - accounting for some 91% of Group sales in 2022, and a well-positioned and competitive Intermediates segment. Arkema offers cutting-edge technological solutions to meet the challenges of, among other things, new energies, access to water, recycling, urbanization and mobility, and fosters a permanent dialogue with all its stakeholders. The Group reported sales of around €11.5 billion (\$12.1 billion USD) in 2022, and operates in some 55 countries with 21,100 employees worldwide.
