

# BNP Paribas and CACEIS create Uptevia, a new player in Issuer Services

BNP Paribas and CACEIS have decided to combine their Corporate Trust Services activities in France by creating **Uptevia**, equally held by both institutions.

Since January 1, 2023, Uptevia consolidates all Issuer Services offered by both institutions.

The objective of this grouping is to combine the expertise of the two Groups with the services of issuing clients and their investors. Uptevia aims to improve the user experience for investors, while meeting ever-increasing regulatory and security requirements. These developments will be implemented gradually.

Uptevia is committed to ensuring the sustainability of the business and limiting the impact for investors. Our priority is to ensure a continuous quality of service, relying on our teams and experts, while benefiting progressively from new synergies and continue to offer our clients and their investors innovative and quality services.

## Your contacts remain the same

---

**You can now access your shareholder website** with your usual login and password, from the new Uptevia website: [www.uptevia.com](http://www.uptevia.com).

You continue to benefit from the **same tariff terms** including brokerage fees.

Communication channels (contact form on Planetshares in connected and not connected mode, and contact information for the call center dedicated to investors) remain unchanged.

**Access your investor spaces now** by logging in to [www.uptevia.com](http://www.uptevia.com) and clicking on the "Access my account" button.

Do not forget to check the accuracy of your administrative data (including your mobile number) and complete them if necessary.

For more information on Uptevia, a FAQ is made available in the "My documents" area of your shareholder space<sup>1</sup>.

We will keep you regularly informed of upcoming developments.

<sup>1</sup> Access to this FAQ is possible for issuers who have subscribed to online services.
